EXECUTIVE SUMMARY:				
<p>This house is known as the Sinton-Anderson House and was landmarked by the City in 2008.</p> <p>On 6/18/14, the Commission conducted a preliminary review that included a proposal to enclose an existing breezeway to connect the house and detached garage. The Commission had no significant concerns with the project. Subsequently, it was determined that a zoning variance is necessary for the house to be attached to the garage since the garage is currently considered a detached structure.</p> <p>The formal Zoning Variation application has been forwarded for the Commission to make a recommendation to the Zoning Board of Appeals.</p> <p>Per the Zoning Ordinance, the Commission's recommendation is to address the potential impact of the variation on the historic resources of the City, particularly with regard to designated landmarks and historic districts directly affected.</p>				
RECOMMENDATION / SUGGESTED ACTION:				
Provide comments and a recommendation to the Zoning Board of Appeals regarding the variation.

*In the event that the applicant or owner is a trustee of a land trust or beneficiary of a land trust, a statement identifying each beneficiary by name and address of such land trust and defining his/her interest therein must be attached hereto. Such statement shall be verified by the trustee of such trust.

REASON FOR REQUEST:

- A. Variation requested (state specific measurements) SEE ATTACHED
- B. Reason for request SEE ATTACHED
- C. Explanation of purpose for which property will be used RESIDENCE

ACTION BY APPLICANT ON PROPERTY:

- A. What physical characteristics would prevent the property from being used in conformity with the requirements of the zoning ordinance? REBUILDING OR MOVING THE GARAGE DOES NOT CONFORM WITH HISTORICAL LANDMARK REQUIREMENTS.
- B. Are the conditions stated above applicable to other properties within the same zoning classification? (explain) NOT SURE, LIMITED DUE TO NUMBER OF LAND MARKED PROPERTIES
- C. Is the purpose of the proposed variation based on more than a desire to make money from the property? (explain) YES. THE ADDITION WHICH MAKES THE GARAGE NON CONFORMING WILL PROVIDE FOR ACCESS TO BATHROOM FACILITY FOR VISITORS WITH PHYSICAL LIMITATIONS.
- D. Has the alleged difficulty or hardship been created by any person presently having an interest in the property? (explain) NO
- E. Based on your answers to the preceding questions, check the box that you believe most accurately states your position with regard to the property if the property is permitted to be used only under the conditions allowed by regulations in the zoning district. Explain the basis for your answer:
- ☐ Cannot yield a reasonable return
- ☒ Is greatly reduced in value WITHOUT ADDITION, PHYSICALLY LIMITED PERSONS WILL NOT HAVE ACCESS TO REASONABLE BATHROOM FACILITIES.
- ☐ The owner is deprived of all reasonable use of the property

HARMONY WITH GENERAL PURPOSE AND INTENT:

- A. Will the proposed variation alter the essential character of the property? (explain) No. THE VARIATION WILL ALLOW THE HISTORICAL CHARACTER OF THE PROPERTY TO REMAIN.

REASON FOR REQUEST:

- A. Variation requested (specific measurements) - according to the most recent survey, the garage sits approximately 7 feet from the interior side property line (required 6 feet or 10% of lot width – 10 feet) and 9.26 feet from the front property line (required 20 feet).
- B. Reason for request – The need for a variance is being created by our desire to convert in the existing breezeway in to living space. Although the new space would be well within setback limits, the garage as it sits would not. The house and garage are already attached by a roof. The additional space would exist primarily under that roof. As the house and garage together are a designated historical landmark residence in St. Charles, we do not want to move or alter the existing garage. The new space will be used in part to provide a bathroom in the residence that is accessible to persons with limited mobility. Currently, the home has a first floor powder room that is not usable by anyone who has physical hardship in mobility. It is also limited in privacy, as the door to the powder room cannot be closed while the room is in use. The connection between the house and garage will also provide the residents an important protection in times of inclement weather.
- C. Explanation of purpose - residence

- B. Will the proposed variation be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located? (explain)

NO. EXISTING STRUCTURE IS THE PIECE IN
NEED OF VARIATION.

- C. Will the proposed variation(s) impair an adequate supply of light and air to adjacent property, or substantially increase the danger of fire, or otherwise endanger the public safety, or substantially diminish or impair property values within the neighborhood? (explain)

NO. EXISTING STRUCTURE. ADDITION (WHICH
COMPLIES) WILL OCCUR UNDER AN EXISTING PERM.

ATTACHMENTS REQUIRED:

- A. One (1) copy of a plat of survey or plot plan (to scale) of the property showing dimensions of all lot lines, existing and proposed structures and distances from lot lines, easements and adjoining streets or uses.
- B. A written certified list containing the registered owners, their mailing addresses and tax parcel numbers as recorded in the Office of the Recorder of Deeds in the county in which the property is located and as appears from the authentic tax records of such county, of all property within 250 feet in each direction of the location for which the variation is requested, provided all the number of feet occupied by all public roads, streets, alleys and other public ways shall be excluded in computing the 250 feet requirement. The Kane County Recorder of Deeds is located in the Kane County Government Center, 719 Batavia Avenue, Geneva.
- C. Filing fee in the amount of **\$300.00** must be rendered at the time the application is submitted. If payment is made by check, it should be made payable to the City of St. Charles.
- D. Reimbursement to the City of miscellaneous fees is as follows: **Review hours by Building and Code Enforcement Division Manager, Publication of legal notice; court reporter and transcript fees; mailing (postage) costs.** The reimbursement of these miscellaneous fees ***must be paid prior to issuance of any permit*** in connection with the requested action.
- E. Letter of authorization from the property owner as to the request for the zoning variation must be included, if such authorization is applicable.
- F. Disclosure of beneficiaries of a land trust must be included, if applicable.
- G. A variation shall lapse after twelve months from the date of grant thereof unless construction authorized is commenced on a building permit for the use specified by the variation within twelve months, or the use is commenced within such period.

I (we) certify that all of the above statements and the statements contained in any documents submitted herewith are true to the best of my (our) knowledge and belief.
