If NO, please explain how item will be funded:						
Executive Summary:						
<p>The Zoning Ordinance requires all existing signs to be brought into conformance with current sign standards.</p> <p>The ordinance provides for signs that meet certain criteria to be designated as “historic signs.” The “historic sign” designation simply allows a non-conforming sign that has been found to meet the applicable criteria to remain in place as it currently exists. (The designation does not prevent the sign from being removed in the future).</p> <p>Existing signs for the Arcada Theatre and Zimmerman Ford were designated as “historic signs” when the Zoning Ordinance was adopted by the City Council in 2006. The sign for St. Charles Bowl was designated a historic sign in August 2014.</p> <p>Kevin Davis, owner of Kevin's Auto Service, 201 S. 2nd St., has requested a historic sign designation for the sign attached to the service station canopy of the building and has submitted documentation to substantiate that it meets the applicable criteria. The ordinance calls for the Historic Commission to provide a recommendation to the City Council on whether the standards to designate a historic sign have been met.</p> <p>The Historic Commission has found that the sign meets the applicable standards and has recommended approval of the Historic Sign designation.</p>

Excerpt from the Zoning Ordinance:

17.28.070 Historic Signs

A small number of existing signs in the City may be closely identified with a cultural or commercial entity or building that forms a part of the character or history of the community. Such signs, however, may have been erected under a previous code and may not conform to all of the provisions of this Chapter. The intent of this Section is to permit such signs to be maintained. Therefore, a sign erected at least forty (40) years prior to the year of application for Historic Sign designation that does not conform to one or more provisions of this Chapter may continue to be maintained and shall not be subject to the amortization provisions of this Title, if the City Council determines, upon the recommendation of the Historic Preservation Commission, that all of the following standards have been met:

- A. The sign was lawfully erected at least forty (40) years prior to the year of application for Historic Sign designation and has been continuously maintained in the same location since that year.
- B. The sign:
 - 1. Is attached to a significant historic building or landmark, and has come to be identified with that building or landmark, whether or not it is original to it; or
 - 2. Is located on a site that has been continuously operated for the same business use for at least 40 years prior to the year of application for Historic Sign designation.
- C. The sign is of a unique shape or type of design representative of its era, and that is not commonly found in contemporary signs.
- D. The sign identifies a building or business that is associated with a family, business or organization that was noteworthy in the history of the St. Charles community.
- E. The sign does not violate Section 17.28.080, Prohibited Signs.

City of St. Charles, Illinois

Historic Preservation Commission Resolution No. 9-2014

A Resolution Recommending Approval of a Historic Sign Designation (201 S. 2nd St. – Kevin’s Auto Service)

WHEREAS, it is the responsibility of the St. Charles Historic Preservation Commission to review requests for Historic Sign designation per Section 17.28.070 of the Zoning Ordinance; and,

WHEREAS, the Historic Preservation Commission has reviewed the request for Historic Sign Designation for the sign attached to the canopy of Kevin’s Auto Service, 201 S. 2nd St., and has found the request meets the standards listed in Section 17.28.070:

- A. The sign was lawfully erected at least 40 years prior to the year of application for Historic Sign designation and has been continuously maintained in the same location since that year.
- B. The sign is located on a site that has been continuously operated for the same business use for at least 40 years prior to the year of application for Historic Sign designation.
- C. The sign is of a unique shape or type of design representative of its era, and that is not commonly found in contemporary signs.
- D. The sign identifies a building or business that is associated with a family, business or organization that was noteworthy in the history of the St. Charles community.
- E. The sign does not violate Section 17.28.080, Prohibited Signs.

NOW THEREFORE, be it resolved by the St. Charles Historic Preservation Commission to recommend to the City Council approval of a Historic Sign designation for 201 S. 2nd St, Kevin’s Auto Service.

Resolution No. 9-2014

Re: 2014 City of St. Charles Sign Compliance Ordinance
Section 17.28.070 Historic Sign Designation

Commission Members:

Kevin's Service Station ("Kevin's") has been advised by the City of St. Charles (the "City") that its sign, affixed to the building's canopy through the continuation of the canopy supports, is not in compliance with the City's 2006 Zoning Ordinance with respect to building-mounted signs and that the sign must be brought into compliance by October 16, 2014. However, the City further advises that the sign may qualify as an "Historic Sign" under Section 17.28.070 of the ordinance, which would allow Kevin's to maintain the sign beyond the October 16, 2014 deadline.

The Kevin's Service Station sign meets the "Historic Sign" criteria set forth in Section 17.28.070, which provides, in pertinent part:

[A] sign erected prior to January 1, 1966 that does not conform to one or more provisions of this Chapter may continue to be maintained and shall not be subject to the amortization provisions of this Title, if the City Council determines, upon the recommendation of the Historic Preservation Commission, that all of the following standards have been met:

- A. The sign was lawfully erected prior to January 1, 1966, and has been continuously maintained in the same location since that date.
- B. The sign:
 - 1. Is attached to a significant historic building or landmark, and has come to be identified with that building or landmark, whether or not it is original to it; or
 - 2. Is located on a site that has been continuously operated for the same business use since January 1, 1966 or earlier.
- C. The sign is of a unique shape or type of design representative of its era, and it is not commonly found in contemporary signs.
- D. The sign identifies a building or business that is associated with a family, business or organization that was noteworthy in the history

of St. Charles community.

E. The sign does not violate 17.28.080, Prohibited Signs.

The building that Kevin's occupies was constructed in 1963, as indicated in the records of the St. Charles Assessor's Office. As the attached photo (Ex. 1, received from the Assessor) indicates, the current sign has always been an integral part of the property. As established by the more recent photo (Ex. 2), the sign has been continuously maintained since 1963. Accordingly, the first criterion (subsection A) of the Historic Sign provision has been satisfied.

The building has been continuously operated as a service station since 1963 meeting the second criterion (subsection B.)

Next, the sign is a unique shape and the type of design associated with service stations built in the late 1950's and early 1960's. Unlike contemporary service stations, stations built during this era were constructed with wide service bays, a narrow office/retail space and an attached canopy sloping up from the building. The Kevin's Service Station sign is situated between two of the structural supports for the canopy, as was common for service station signs of that era. The Kevin's Service Station sign is one-of-a-kind in St. Charles. The Commission does not risk opening a door to copycat Historic Sign requests from businesses with similar signage; there are none. The third criterion of Section 17.28.070 (subsection C) has been satisfied.

Kevin's has been in the Davis family since the 1960's. Kevin Davis' father operated the business originally. Ownership subsequently passed to Kevin Davis. Kevin's son works at the station as a full-time mechanic. Three generations of a single family have operated the business at the same location for over 50 years – a real rarity in today's day and age. The Davis family has been providing services to generations of St. Charles residents. The Commission would find it extraordinarily difficult to find a family-run business that matches Kevin's as a long-standing part of the St. Charles community. The fourth criterion (subsection D) is easily satisfied.

Finally, the Kevin's Service Station sign does not violate Section 17.28.080 ("Prohibited Signs"). The final criterion of Section 17.28.070 (subsection E) has been met.

Accordingly, Kevin's requests that the Historic Preservation Commission recommend to the City Council that that Kevin's be allowed to continue to maintain the Kevin's Service Station sign beyond the current October 16, 2014 deadline and as long as it is maintained in good structural condition and is associated with the Davis family.

Respectfully submitted,

Kevin Davis
