	Planning & Development			City Council			
	Public Hearing						
Estimated Cost:		Budgeted:	YES	X	NO		
If NO, please explain how item will be funded:							
Executive Summary:							
<p>The City provides brush collection services for its residents on a monthly basis through the spring, summer and fall months. This contractual service has historically run from April through November. In 2014, in an effort to reduce costs without severely impacting the level of service provided to the residents, the number of collection cycles was reduced from 8 to 7 with the July collection being eliminated.</p> <p>The 2015 brush collection program is proposed to remain at 7 collection cycles. However, after receiving feedback from a number of residents and several elected officials, the July collection will be reinstated. To maintain the 7 collection cycles with a July collection, the November collection cycle will be eliminated from the 2015 program. The November collection typically takes place mid-month, which is after the Public Services Division has kicked off its winter snow programming, and is thought to be a lighter month in terms of volume of brush received.</p> <p>The 2015 Brush Pickup Program will continue to be monitored, and all feedback will be considered prior to the 2016 brush collection season.</p>
