Government C	X	Gove	Government Services 08.24.15							
Planning & De		City	City Council							
Estimated Cost:		Budge	eted:	YES X NO						
Executive Summary										
The City hired Kluber Architects and Engineers to provide a design and set of plans for a building to protect our electric cable inventory assets from the weather and from theft. The Purchasing Division went out for bids and received six responses. All of the responses were over the original budget estimate. We are recommending rejecting all bids. Staff will work with Kluber to modify the specifications to reduce cost and rebid.
