Re: Background Investigation-Liquor Establishment

The purpose of this memorandum is to document and forward to your attention the results of the background investigation conducted by members of the St. Charles Police Department concerning the below mentioned establishment.

Pursuant to procedure and protocols, a detective was assigned to conduct a background investigation into Browns Chicken and Pasta located at 1910 Lincoln Highway as part of their plans to expand their business model. As part of this background investigation, we reviewed both the site location/floor plans and the corresponding applicant and the associated business plans.

We found nothing of a derogatory nature that would preclude either the site location or the applicant from moving forward with liquors sales and on-site consumption, subject to City Council approval.

Thank you in advance for your consideration in this matter.

RE: Brown's Chicken Proposed Upgrade Plan - Amended

Brown's Chicken, located at 1910 Rt. 38, Lincoln Highway, St. Charles, IL, would like the opportunity to modify its current fast food concept. We are proposing a fast-casual concept creating a better dine-in experience for our customers. This includes food delivery to the tables by staff, revised menu options including salads, Buffalo wings, ribs, beer and wine. **Please note that the beer and wine will be sold by the bottles, there will not be any pouring of the alcohol beverage.**

We would also like to add televisions around the restaurant playing sports or other events to create a more favorable dining experience for our customers. Our core business of chicken would not change. This currently includes drive through, carry out and catering. The added option of video gaming would only enhance this new fast-casual concept for us and is also the trending style for the restaurant industry. Our business would also increase in volume if this concept is approved. We are hopeful that the Prairie Crossing development will be an economical improvement for the west side of St. Charles as well.

Thank you

Tim Kennefick
