Property Tax Reimbursement Financial Assistance
Application Packet Part 2

Submission of the Part 2 Property Tax Reimbursement Financial Assistance Application

In order for the City to effectively evaluate a request for financial assistance, the Applicant must:

- Provide all applicable items in a single submission;
- Organize the submission and present the required information in the manner indicated below; and
- Provide five (5) copies of the submission.

Failure to provide all required information in a complete and accurate manner could delay processing of the application. The City reserves the right to reject applications that lack all required items.

The Applicant is required to provide an initial fee of \$7,000 and a signed Reimbursement of Fees Agreement shall accompany any financial assistance application. This fee shall be used to cover the City's legal, administrative, and planning costs. Outside consultants hired by the City shall be paid for by the Applicant and will not be considered a part of the fee. It is also the responsibility of the Applicant to provide a deposit in the amount of any professional services contract provided by outside consultant(s) before the contract is executed. If an additional amount of money is required to reimburse the City for its related costs, the Applicant shall be responsible for such costs. If any portion of the fee is not utilized, the City will refund the amount to the applicant.

Property Tax Reimbursement Financial Assistance

Application Packet Part 2

Project Information

1. Project Narrative

Provide an in-depth overview of the project in narrative format. The narrative must include a description of the following aspects of the project:

- Clear identification of the percentage of new property tax revenue generated to the City of St. Charles that the Applicant is requesting be reimbursed on an annual basis.
- Clearly state the term (number of years) that the applicant is requesting the property tax sharing assistance.
- Current condition of the site and historical overview that includes the size and condition of any existing structures, environmental conditions, and past uses of the site.
- Proposed use(s) of the property.
- Construction information about the project including: size of any existing structures to be demolished, size of any new construction, types of construction materials (structural and finish), and delineation of square foot allocation by use.

2. Project Timeline

A comprehensive project timeline is required. Include anticipated dates for site acquisition or lease, project start and completion, as well as other project milestones. Multi-phase projects must include details for each phase. The timeline should also identify any critical or time-sensitive dates as well as any time constraints facing the Applicant.

3. Public Benefits

Fully describe the public benefits that can be realized by the completion of this project. Projects with a high degree of public benefit are typically more likely to receive financial assistance. Examples of public benefits include, but are not limited to the following:

- | | |
|--|--|
| ▪ Creation of new permanent jobs | ▪ Creation of public infrastructure or facilities |
| ▪ Catalyst for new private investment | ▪ Increased sales tax revenue |
| ▪ Re-occupancy of a vacant building | ▪ Increased property tax revenue creation and/or retention |
| ▪ Elimination of blight | |
| ▪ Incorporation of environmentally friendly features | |

This statement should include qualitative examples of public benefits as well as quantifiable and measurable outcomes of the short-term and long-term benefits to the neighborhood and to the City of St. Charles. Support documentation for the estimates of public benefits must be included.

4. Site Maps

Provide a map that shows the location of the site. Also, provide a map that focuses on the project and its immediate surroundings. Both maps should be no larger than 11 x 17. Larger maps will be required for projects presented to the Council.

City of St. Charles Property Tax Reimbursement Financial Assistance Application Packet Part 2

5. List of PINs

Identify the specific Parcel Index Numbers (PINs) included in the proposal and include the "base" equalized assessed value(s) EAV for each of these PINs. This information can be obtained from the Kane County Assessors Office.

6. Renderings of Project

Provide preliminary architectural elevations, plans and renderings for the project. These drawings should be no larger than 11 x 17 inches. Larger drawings will be required for projects presented to the City Council.

7. Evidence of Site Control

Submit documents to verify that the developer has control of the project site or that the Applicant has, or will have control of the property. Acceptable documentation may include deeds, title policies, leases, options, and real estate property contracts. If the property has yet to be acquired, provide a statement regarding the method of acquisition, status and next steps of the related processes.

Project Financial Information

8. Sources and Uses of Funds

Identify the sources of funds used to finance the project. Typical sources include equity, lender financing, mezzanine financing, government financing, other anticipated types of public assistance, and any other types or methods of financing. Describe the sources of equity. Include a term sheet for lender financing, if available. The project budget must identify the up-front sources intended to finance the development costs of the project. If determined, specify the each line item of the project budget that each source will finance. Summarize the uses of funds. General categories to be identified include: acquisition and related site costs, hard construction costs, and a breakdown of soft costs.

All projects must include for the construction phase a monthly or quarterly cash flow (i.e., sources or "cash in" by source, and uses or "cash out" by use).

Applicants are advised that to the extent possible, sales contracts for land acquisition should not be executed until the City and the Applicant have agreed on an amount of assistance to be provided. This is because purchase price of a development site to be acquired or recently acquired will be reviewed to determine whether or not that price exceeds the property's current market value. For incentive agreements, market value sets the upper limit of acquisition costs that will be considered in the estimation of financial assistance. The City will review any market value appraisal submitted in support of an acquisition, and the department may obtain its own appraisal or review appraisal.

Property Tax Reimbursement Financial Assistance
Application Packet Part 2

9. Development Budget

Provide an accurate and detailed development budget for the project that includes a detailed breakdown of significant line item costs. The budget should be arranged to identify acquisition and site related costs, hard costs, and soft costs. Also, identify all line items that are performed by the developer, owner, or related entities.

The Applicant shall clearly identify in a table the cost of specific line items that contribute to the need for financial assistance and create unfavorable financial returns. For example, installation/repair of public infrastructure, costs related to environmental remediation, costs related to the identification of un-buildable soils, demolition of existing structures, rehabilitation structures that do not meet current life safety codes, etc. The city's consultant may request further financial information as deemed appropriate.

10. Pro Forma Income and Expense Schedule

Applicants whose projects involve the rental of commercial, retail, and/or industrial space must submit pro formas that identify income and expense projections on an annual basis for an eleven-year period. A hypothetical property reversion is to be assumed. Clearly identify all assumptions (such as absorption, vacancies, debt service, operational costs, etc.) that serve as the basis for the pro forma. Two sets of pro formas are to be submitted. The first set should show the project without property tax reimbursement assistance and the second set with property tax reimbursement assistance. For owner-occupied industrial and commercial projects, detailed financial information must be presented that supports need for financial assistance (see below).

11. Analysis of Financial Need

Each application must include financial analyses that demonstrate the need for property tax reimbursement assistance. Two analyses must be submitted: one without property tax reimbursement assistance and one with property tax reimbursement tax assistance. The Applicant must indicate the minimum return or profit the Applicant needs in order to proceed with the project and the rationale for this minimum return or profit.

For Lease Property - For projects involving the leasing or rental of space by the developer to tenants (tenants include offices and industrial companies), an internal rate of return on equity must be computed with and without property tax reimbursement assistance based on the pro forma of income and expense prepared. The reversion at the end of the ten-year holding period must be based on the capitalized 11th year net operating income. The reversionary value is then added to the 10th year cash flow before discounting to present value. State all assumptions in the analyses.

Competitive Projects - In instances where the City is competing with other jurisdictions for the project (e.g., corporate headquarters, new manufacturing plant), present detailed analyses that demonstrate the capital and operating cost differential between the proposed location(s) in St. Charles and locations outside the City that are being seriously considered by the Applicant.

City of St. Charles

Property Tax Reimbursement Financial Assistance

Application Packet Part 2

12. Projections

Provide the amount of total property tax generated for all PIN(s) included in the request for property reimbursement. This information should include the previous two (2) most recent tax levy years available. If this information is not readily available, the applicant shall make their best efforts to estimate these amount based on historical information.

State the estimated amount of new property tax that the proposed project will create over the entire requested term of the agreement. These projections should be computed on an annual basis and illustrate the amount that shall be reimbursed to the Applicant and the City based on the percentages identified in the project narrative.

13. Financial Commitments

Submit commitment letters and/or term sheets from all lenders for proposed debt (such as construction, mezzanine, permanent, and government financing) and all other financial sources of the project (such as grants, and tax credits). Commitment letters must clearly specify the nature and terms of the obligations.

Professional Studies

14. Appraisal

All projects that involve the transfer of land must include a recent appraisal. Projects that include land as a form of equity or collateral must also submit a recent appraisal. The appraisal must value the property "as is", and the impact on value must be considered for such items as demolition, environmental remediation, relocation of utilities, lease buy-outs, and other work necessary to make the site developable. The property must be valued assuming that the highest and best use is the proposed use.

All appraisals must be performed by a designated MAI or bank-approved appraiser. The initial appraisal may need to be updated or amended at the request of the City. Also, the City may obtain its own appraisal or review appraisal at the expense of the Applicant. Contact the City if there are questions or concerns about the approach to the appraisal.

15. Environmental Studies and Reports

When required by the City, submit a copy of the Phase I environmental report/study performed on the property. If there is probable or potential contamination on the project site, then a Phase II report/study or evidence that the site has been, or is being enrolled in an IEPA, a No Further Remediation (NFR) Program must also be included.

16. Other Studies and Reports

Include, as appropriate, other reports in support of information that is presented in the application.

Developer Information

17. Financial Statements

Provide year-end historical (prior 3 years) and interim financial statements of the Applicant and owning and/or operating entity if different from the Applicant. Financial Statements should include accountant audited or compiled balance sheet, income statement, and statement of cash flows.

18. Economic Disclosure Statement

Submit a City of St. Charles Economic Disclosure Statement (EDS) for each of the business entities with a financial interest in this project (see attached).

19. Prevailing Wage Requirements

The owner / developer must declare knowledge and acceptance of the Illinois Prevailing Wage requirements to the extent required by state law or the City. Applicant agrees that they have read, been informed and understood the provisions associated with the application.

PROVISIONS CONCERNING PREVAILING WAGE RATE

The owner / developer must declare knowledge and acceptance of the Illinois Prevailing Wage requirements to the extent required by state law or the City. If required by state law or the City, the developer covenants and agrees to pay, and to contractually obligate and cause the General Contractor and each subcontractor to pay, the prevailing wage rate as ascertained by the Illinois Department of Labor (the "Department"), to all Project employees. All such contracts shall list the specified rates to be paid to all laborers, workers and mechanics for each type of worker or mechanic employed pursuant to such contract. If the Department revises such prevailing wage rates, the revised rates shall apply to all such contracts. Upon the City's request, the developer shall provide the City with copies of all contracts entered into by the Developer or the General Contractor to evidence compliance with this requirement.

INSTRUCTIONS FOR COMPLETING THE CITY OF ST. CHARLES
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT

The City of St. Charles (the "City") requires disclosure of the information requested in this Economic Disclosure Statement and Affidavit ("EDS") before any City agency, department or City Council action regarding the matter that is the subject of this EDS. Please fully complete each statement, with all information current as of the date this EDS is signed. If a question is not applicable, answer with "N.A." An incomplete EDS will be returned and any City action will be delayed.

Please print or type all responses clearly and legibly. Add additional pages if needed, being careful to identify the portion of the EDS to which each additional page refers.

For purposes of this EDS:

"Applicant" means any entity or person making an application to the City for action requiring City Council or other City agency approval.

"Disclosing Party" means any entity or person submitting an EDS.

"Entity" or "Legal Entity" means a legal entity (for example, a corporation, partnership, joint venture, limited liability company or trust).

"Person" means a human being.

WHO MUST SUBMIT AN EDS:

An EDS must be submitted in any of the following three circumstances:

1. Applicants: An Applicant must always file this EDS. If the Applicant is a legal entity, state the full name of that legal entity. If the Applicant is a person acting on his/her own behalf, state his/her name.
2. Entities holding an interest: Whenever a legal entity has a beneficial interest (i.e. direct or indirect ownership) of more than 7.5% in the Applicant, each such legal entity must file an EDS on its own behalf.
3. Controlling entities. Whenever a Disclosing Party is a general partnership, limited partnership, limited liability company, limited liability partnership or joint venture that has a general partner, managing member, manager or other entity that can control the day-to-day management of the Disclosing Party, that entity must also file an EDS on its own behalf. Each entity with a beneficial interest of more than 7.5% in the controlling entity must also file an EDS on its own behalf.
